

PARENT/TEACHER NOTIFICATION LETTER

This is to inform you of the status of Central, Lincoln, Washington and the Jr. High Asbestos Management Plans.

As required, our buildings were initially inspected for asbestos. Our 6-month inspection was conducted in February, 2008.

The AHERA law requires that a visual surveillance of asbestos containing areas be completed every six months, and a reinspection conducted every three years.

The inspection/management plan is available for public review in the Superintendent's Office, 117 West Livingston Street, Pontiac, IL 61764.

Should you have any questions, please feel free to contact the District Office at (815) 842-1533.

Pontiac School District #429 is mandated by Public Act 91-0525, to inform the public when our pest control company will be spraying for bugs. Currently, our schools are inspected and treated on the last weekend of each month at all schools.

If any additional information is needed, please contact the District Office at (815) 842-1533.

.....

Sincerely,

Steve Graham,
Superintendent
